

PEEL LANDSCAPES LOOP

2 Day Itinerary – Peel Region Highlights

To explore the best of the entire Peel region, including Waroona, pack the bags for the coast, country towns and bushland adventures. From Mandurah's foreshore, where dolphins are often spotted in the estuary, the route follows the coast to the ancient wonders of Yalgorup National Park... the Lake Clifton Thrombolites.

Stop at Preston Beach for a relaxed lunch by the sea, then swap the coast for country roads leading to Waroona. Explore the town, and spend an afternoon at Drakesbrook Weir, a local favourite for swimming, fishing and picnicking. Dine in town with a side of country hospitality, and book an overnight stay at a nearby cottage, hotel, or lakeside cabins at Lake Navarino Holiday Park.

Devour breakfast at one of the eateries, then drive through dense forest to trail town Dwellingup – where adventures by bike, canoe, zip line or two feet await. Continue west to Pinjarra to soak up heritage charm and local crafts at the Edenvale Heritage Precinct, and take a stroll over the Pinjarra Suspension Bridge, before heading back to Perth. It's a varied and vibrant escape that shows just how much this region has to offer.

Waroona is well worth a detour to explore more.
